The meeting discussed in the detail the grade sheet received from NAAC along with other details of the A&A process. It was felt that the grades awarded by the Peer Team during its visit were acceptable. But the committee expressed bewilderment

about the low grades scored in criterions 3, 5 & 6 in particular, and also the average grades scored in criterions 1 & 4. It was, therefore, decided to appeal against the grading of the **quantitative metrics under the various criteria** except criteria 2 and 7 where the scores are 3.11 and 3.13.

It was also decided to meet together again under the chairmanship of The Vice Chancellor on March 9th 2021, after holding criteriawise meetings for analysis, and preparing an overall representation.
